

September

After-School Series:

Check out the following sessions to add to your toolbox! Whether you are in-person, fully remote, or a hybrid, these tools can be used to engage your students!

Google Classroom 1.0*

Description: For the very beginner on how to set up your classroom, have students join, and then how to post assignments. If you don't already have a personal Gmail account, I would recommend setting one up before the class. This will enable you to join your own GClassroom to practice being a student *and* a teacher (and to join my demo GClassroom!) during the work times scheduled throughout the session.

Cost: FREE!

Date: September 1, 2020

Time/Location: 3:30-5:00, Online (Google Meets)

PD Hours: 1.5

Audience: 3-12 Teachers and Administrators

Facilitator(s): Matt Weld (Director of Technology & Innovation for IL Area 5)

"Matt Weld did a fantastic job presenting this information. Thank you Matt!!"

Together While Alone: SEL Standards with Google*

Description: Online teaching and learning can seem like a lonely proposition, but it doesn't have to be. Learn some tips and tools for connecting with your students while online. We'll explore the IL SEL Standards and how these can be met while teaching online.

Cost: FREE!

Date: September 2, 2020

Time/Location: 3:30-5:00, Online (Google Meets)

PD Hours: 1.5

Audience: K-12 Teachers and Administrators

Facilitator(s): Matt Weld (Director of Technology & Innovation for IL Area 5)

Google Classroom 2.0*

Description: Let's talk about feedback and communication using Google Classroom. We'll dive into rubrics, grading, leaving comments, and how to communicate with families as well as a couple of Chrome extensions to really bring lessons to life. I would recommend joining your GClassroom with a generic Gmail account before this session so that you can practice being a student and a teacher during the work times scheduled throughout the session.

Cost: FREE!

Date: September 8, 2020

Time/Location: 3:30-5:00, Online (Google Meets)

PD Hours: 1.5

Audience: 3-12 Teachers and Administrators

Facilitator(s): Matt Weld (Director of Technology & Innovation for IL Area 5)

"It was really nice to have PD which wasn't on the basics of GC. 2.0 was good and focused on a few main ideas rather than too many to be overwhelming. Great job yet again! You never disappoint!!"

Seesaw 1.0*

Description: In this training attendees will learn the basics of Seesaw and best practices for implementing Seesaw with students.

Cost: \$15.00

Date: September 9, 2020

Time/Location: 3:30-4:30, Online (Google Meets)

PD Hours: 1.0

Audience: PreK-2 Teachers and Administrators

Facilitator(s): Monica Mize (Kindergarten Teacher and Seesaw Ambassador, Columbia CUSD)

*Register here: www.educationregistration.org/roe45

Google Meet and Remote Learning*

Description: Join Google Certified Trainer David Lerch for a dive into Google Meet. In this training attendees will learn the basics of Google Meet and best practices for implementing Meet with students. Attendees will also learn simple extensions to make Meet a more diverse learning platform. Last, attendees will learn exciting upcoming additions to Google Meet! *Time will be given throughout and at the end of the training to discuss ideas and questions related to Google Meet.*

Cost: \$15.00

Date: September 15, 2020

Time/Location: 3:30-4:30, Online (Google Meets)

PD Hours: 1.0

Audience: 3-12 Teachers and Administrators

Facilitator(s): David Lerch (Distance Learning Teacher, Marissa CUSD)

Seesaw 2.0*

Description: In this training attendees will learn more advanced features of Seesaw and best practices for implementing Seesaw with students.

Cost: \$15.00

Date: September 16, 2020

Time/Location: 3:30-4:30, Online (Google Meets)

PD Hours: 1.0

Audience: PreK-2 Teachers and Administrators

Facilitator(s): Monica Mize (Kindergarten Teacher and Seesaw Ambassador, Columbia CUSD)

Creating Remote Videos for Blended Learning*

Description: Join Google Certified Trainer David Lerch for training covering the use of screenasting and digital whiteboards for creating effective digital videos. Training will cover how to use both tools as well as best practices for including in your remote and hybrid learning. Attendees will also learn how to incorporate this into Google Classroom. *Time will be given throughout and at the end of the training to discuss ideas and questions related to remote learning videos.*

Cost: \$15.00

Date: September 22, 2020

Time/Location: 3:30-4:30, Online (Google Meets)

PD Hours: 1.0

Audience: 3-12 Teachers and Administrators

Facilitator(s): David Lerch (Distance Learning Teacher, Marissa CUSD)

IEPs, 504s, and Remote Learning*

Description: As a remote special education teacher, we face some unique challenges. Google has many tools that are perfect for a Special Education teacher. We will learn how to enhance your Special Education classroom and simplify your workload! IEP Meetings, goal management, individualizing remotely, and more! We will discuss ways to increase student interaction and support the individual needs of our population.
